

# HOME LEARNING

Week Beginning  
4<sup>th</sup> May 2020

Dear Parents and Carers – I genuinely hope that when we look back on this time we can say that we have learnt something about ourselves and each other. Whilst I’m seeing the children in school making the best of what we are offering, I continue to be very impressed with what you are all managing to do at home. In challenging times you are coming up trumps! As you can see from these pictures, there are some great things going on. Well done everyone; keep up the good work.
