

# Sustrans School Programme

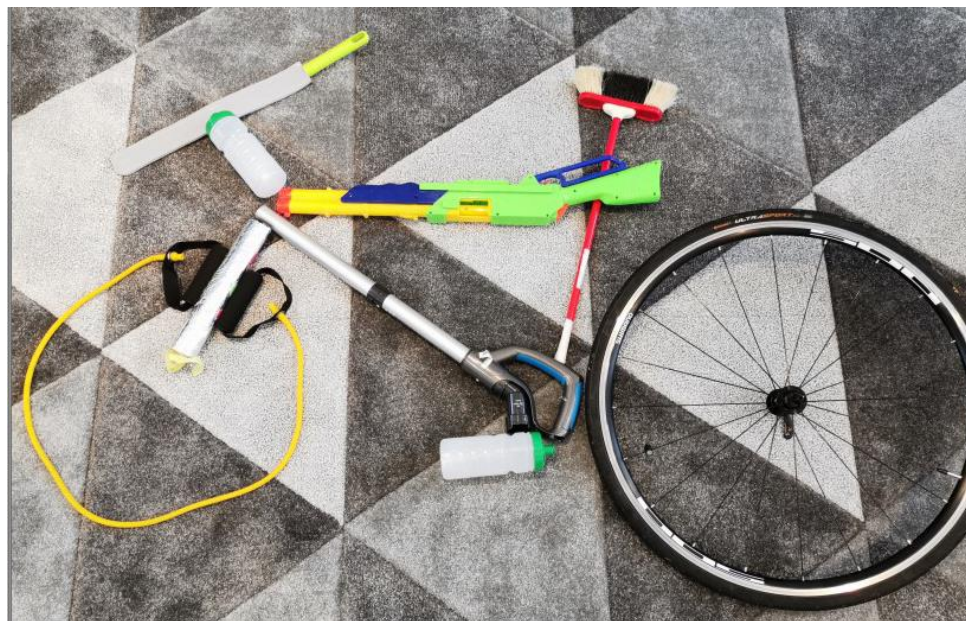

## Bike Floor Art

Suitable for all ages

**You will** create brilliant bike designs using everyday things from around your home.

**Search** around your home for items of various shapes and sizes. Clear a space on the floor to use as your 'canvas'. Using the items you have collected, shape these into the design of a bicycle.

**You could** research iconic bicycles through history such as the 'Penny Farthing', 'Boneshaker' and the 'Velocipede'. Find out what they looked like; what they were made of; who invented them and what year they were first made. See if you can recreate these historic bikes at home using floor art.

**Why not take it one step further and design your own bike for the future!**

ENJOY THIS ACTIVITY?  
SHARE YOUR DESIGNS  
WITH YOUR CLASS TEACHER

BE CREATIVE AND  
HAVE FUN!
