

Today we have the last of our Year 1 to Year 6 English challenges! It's been great seeing all of your creative ideas; hopefully you will enjoy working on this challenge together too! You could work on your own or with others in your family...

Today, is based on the book 'Rain before Rainbows'.

You can [read the ebook here](#) or click [this link](#) to watch a video of the book being read.

In the story, the girl doesn't make her journey alone. She has a fox companion that stays by her side however dangerous things get.

Your challenge is to design your own animal companion.

- What animal will you choose?
- How will they help you?
- What patterns or colours will you use?

You could add labels or write a few sentences on your picture describing your companion.
